

Time to apply for the preschool class of 2020

**Application period:
December 2 – January 9**

**Apply to a school via
solna.se/sokaskola
no later than January 9**

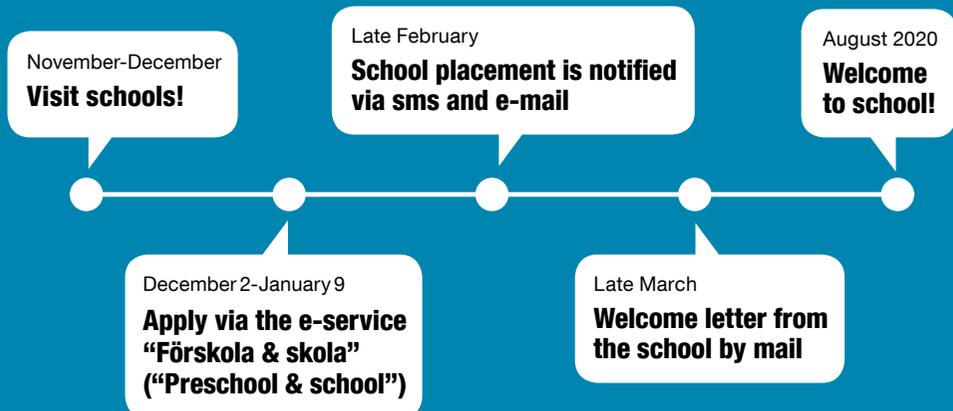

Welcome to school!

You are receiving this information because it's nearly time for your child to start preschool. As of 2018, preschool is now subject to the compulsory education requirement, and as a parent/guardian you are responsible for applying to a primary school which you wish your child to attend. Here you can learn how the application process works, when you need to apply, when you will receive information and the selection criteria.

The most complete and current information, as well as the "Förskola & skola" ("Preschool & school") e-service can be found at solna.se/sokaskola

Subject to change. The current schedule is available at solna.se/sokaskola

- Be sure to update your contact information in the e-service, because all communication about applying to preschool is communicated via SMS and email.
- If your child will be moving or will not be attending school in the City of Solna, notify us by selecting "Kommunal skola utanför Solna" ("Public school outside of Solna") or "Fristående skola utanför Solna" ("Independent school outside of Solna") when you file your application via the e-service. If you have been offered a place at an independent school in Solna, please select that school in the e-service. This is so that we know that your child has a school placement for the start of school in August.

Visit primary schools in Solna

Please attend the school information sessions before you file your application. There you can meet teachers and principals who will tell you about the school's activities. Information about when you can visit the schools may be found at solna.se/sokaskola

Application

Once you know which school you want your child to attend, file your application to the preschool class during the period December 2, 2019 to January 9, 2020. You have this entire period to apply and make any changes. You apply via the City of Solna's e-service "Förskola & skola" ("Preschool & school") at solna.se/sokaskola

How the selection is made

In the first instance, the places are allocated on the basis of the guardian's wishes. Secondly, sibling priority is taken into account, and thirdly, the principle of relative proximity is applied.

Do you have questions?

If you have questions about applying to school in the City of Solna, you are welcome to contact the Contact Center at 08-746 10 00.

If you cannot use the e-service, you will first be offered help with filing your application via the e-service. If this is not a possibility, you will be asked to fill out a paper form.
